PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive and user-friendly web applications using **React.js**, **JavaScript**, **HTML5**, **CSS3**, and **Tailwind CSS**. Skilled in developing reusable UI components, implementing responsive designs, and communicating with backend services using the **Fetch API**. Familiar with **Node.js**, **Express.js**, **MongoDB**, and **MySQL**, along with **Git** and **GitHub** for version control. Passionate about writing clean, maintainable code and continuously learning modern web development technologies.

EDUCATION

Bachelor of Technology in Information Technology Sankalchand Patel College Of Engineering	Visnagar, Mehsana Expected 2027
Diploma in Computer Engineering Swami Sachchidanand Polytechnic College	Visnagar, Mehsana May 2024

SKILLS

Programming Languages: Python, JavaScript, C

Web Technologies: HTML5, CSS3

Frontend Frameworks: Tailwind CSS, React.js

Backend (Basic): Node.js , Express.js

Databases: MongoDB, MySQL, SQL

Version Control & Tools: Git, GitHub, VS Code

PROJECTS

Smart Complaint Management System (Ongoing Development)

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Socket.io, Nodemailer

- Developing a **full-stack web application** to manage and track **student complaints** through a **role-based system**.
- Built **separate dashboards** for **Admin** and **Students** with a clean, modern, and responsive UI.
- Admin panel includes **complaint overview**, **status tracking** (Pending, In Progress, Resolved), and student management.
- Student dashboard allows users to **submit complaints**, **view complaint status**, and **track progress**.
- Frontend developed using **React.js** and **Tailwind CSS** with reusable components and **dark-themed UI**.
- Backend implemented using **Node.js** and **Express.js** to handle complaint data and user workflows.
- MongoDB** used for storing users, complaints, and status information.
- Integrated **automated welcome email functionality using Nodemailer**, which sends a confirmation email to students upon first-time registration.
- Developed a **real-time notification system using Socket.io**, enabling:
 - Instant admin alerts when a new complaint is submitted
 - Real-time student notifications when complaint status is updated
